Key Cam Lock

Cam lock needs to be manually locked. Option for keyed alike and keyed different.

Simplex Pushbutton Combination Lock

Keyless entry. Push in the combination to access. Locks automatically when door is closed. Fast keyless entry, resettable combination, no keys to manage.

Combination Cam Lock

Access with the master key or dial in the 4 digit combination. Must be manually locked and does not have the ability to be "slam locked". Resettable combination w/ master key helps with keeping track of multiple keys.

SCHLAGE FE595 Keypad Entry

Convenient and secure keyless access which locks automatically when door is shut. Program up to 19 user codes to fit your security needs. Battery operated keypad lights up for visibility at night. 3 year battery life.

DESIGNER SERIES™

Design your custom security podium or station in minutes

The Designer Series is our premium product line which focuses just as much on style as it does on function.

Through our years of experience in the security industry, we've developed a few templates that have been tried and tested over the years.

In just six weeks we can have a custom station built by hand here in California and delivered anywhere in the US.

Protect employees and customers with acrylic countertop shields from The Security Station. These social distancing barriers – also called sneeze guards – add .22” of protection from harmful airborne particles. Countertop shields are especially important as businesses begin to reopen after Covid-19 closures. Our new sneeze guards extend each podium to a total height of 6’ and are up to 28” wide depending on the model.

The Security Station sneeze guards come ready to use with pre-installed magnets

Shields for additional models are coming soon.
