

Custom Deluxe Security Podium

Customizable Panels, Enhanced Security, Electronics Ready

The Custom Deluxe Security Podium comes with interchangeable panels that are available in hundreds of different custom laminate options, translucent white acrylic and solid gloss colored acrylic. The Custom Deluxe Security Podium panels are brand-able allowing you to add custom graphics and the panels slide in and out of the frame (just like a photo slides into a picture frame) allowing for quick signage installation.

Plus, there is an optional LED kit upgrade which makes the panels glow. The LED kit is powered by a rechargeable cordless battery system with an 8-hour charge cycle. If you need to light up the podium for longer than 8 hours, it can be plugged directly into an electrical outlet. The LED kit also comes with a remote operated controller which has multiple speed, brightness, and color settings. The included 8 colors options are: cyan, purple, white, orange, yellow, green, blue, and red.
